

The governor said the action resulted from the steel shortage. Use of the '48 plates for two years, he said, will save about 2,300 tons of steel. It also will eliminate an estimated \$550,000 state expenditure.

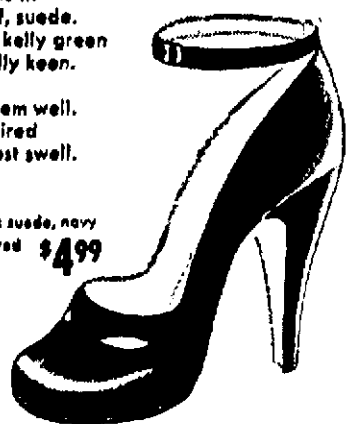

New York issued two license plates this year for the first time since 1942. Single plates were issued as a wartime steel conservation measure.

Contributions for the American Red Cross are making a fine showing and nearly \$1,000 has been received for the campaign.

Philo S. Irving of Greenville, Greene county, has been admitted to the Dale Sanitarium on Barclay Heights.

At a recent meeting held in the municipal building it was decided that Lamoureaux-Hackett Post American Legion will again sponsor a baseball team. The club will try to make this season one of great interest to the local fans and an official scorer and also a publicity man will be placed during the coming season. Any financial aid that may be rendered by the public will be greatly appreciated and the club will be known as the Saugerties Legion Baseball Club.

Service of Worship At St. James Tonight

The Crucifixion, a poem-sermon by James Weldon Johnson, will be recited by Miss Constance Repert as a part of the Holy Thursday service of worship at St. James Methodist Church at 7:45 o'clock this evening. The Sanctuary Choir will sing "Were You There?" a spiritual arranged by Burrell. The Rev. Merrill C. Johnson, pastor of St. James, will be assisted in the administration of the communion service by the Rev. Elwin R. Burke, assistant pastor of the First Methodist Church, Ottawa, Illinois. On Friday and Saturday, the pastor will bring the communion service to as many of the sick and shut-in of the congregation as desire to receive it in their homes. Arrangements can be made by calling the parsonage, phone 825.

It is expected that about 60 persons will identify themselves with St. James Church at the service this evening when they will be received as preparatory or as full members. Members of the Junior Department and Youth Division of the Church School at St. James, who will be received as preparatory members and enrolled in membership-training classes are as follows: Parker Black, Louise Bolash, Judith Broskie, Robert Brown, Mariene Cashin, Audrey Chase, Thomas Chase, Carl Constant, Richard Constant, Estelle Fatum, Kenneth Haggins, Edward Hearst, Catherine Howard, Halvard Johnson, Frank Jones, Leroy Lane, William Locke, Robert Palen, Richard Reina, Russell Sahn, Robert Smith, Joan Souers, Donald Terry, MaryEllen Van Ness, Norman Van Ness, Elaine Van Vleet, Chester Van Wagenen, Harry Van Wagenen, James Wells, Girard White, Joyce Winno, Robert Woodman, Joan Woolsey, Jand Bernice Yerry.

Enthusiastic Bard Plan Panel Is Held

Prominent at Wednesday night's fourth session of the Bard Plan for Small Business were from left, Henry A. Spies, of the Herbert L. Jamison Co., New York; Dr. Donald H. Davenport, of Albany, New York State Department of Commerce; Herbert L. Jamison, of New York; and John H. Steinway, chairman of the Bard College Board of Trustees, of Steinway & Sons, New York. Bard Plan Holds

Continued from Page One
found in surveys that the business man "overlooks his risks through unqualified trust in human nature."

The business man is often too confident and trusting in the people who figure in his daily life, he said, while the "surety people" lay greater stress in the possibility of dishonesty anywhere along the line.

It is not surprising to employees, he said, to require that they be bonded, and many businesses today, he stressed, have found the blanket bond to their advantage. In this type, covering all employees, he said, it is possible to increase personnel without extra charges.

Coverage against forgery, he emphasized, is inexpensive, but many business men overlook its importance. It can be extended, he said, to cover personal accounts.

One common source of loss to business, he said, is by burglary and robbery, and robbery insurance in this area is relatively cheap. This type, however, is not to be confused with that covering "open stock" burglary. There is a blanket type covering all such losses.

The speaker advised investigation of the "package" type insurance for small concerns, which covers losses ranging from the passing of counterfeit money, to certain types of automobile damage.

Public liability insurance, he stressed, is inexpensive considering the type of protection it affords. One main value, he said, is that it provides an investigation service by trained adjusters as does legal liability insurance.

Provides for Inspection
Insurance on elevators, covering liability, also provides for inspection service and is generally considered a special protection. The speaker suggested that business men should consider coverage for personal liability as well as that entailed in their business, and he stressed the value of partnership insurance.

During the question and answer period, Jamison stressed that "There is an ideal program for each particular business. You can go to an expert, and I advise that you take advantage of the competent men in your town." Hundreds of insurance programs are currently being provided, he said.

One question from the audience expressed the fear that it would take too much of a business man's profit to pay for a number of insurances at one time.

A proper insurance plan, would not be too expensive, Jamison said. "There are three 'musts,'" he emphasized: fire, compensation and public liability, and if you cannot afford those you shouldn't go in business."

Credit Insurance Held Poor

Other questions and answers stressed, according to Jamison, that it does not pay for small business to carry credit insurance, that a bond can be secured on a dealer obtaining merchandise on consignment, and that either a tenant or landlord may be responsible for accidents at the entrances to places of business, depending upon terms of a lease, and often upon the number of tenants involved in a building.

The question and answer period also brought out an explanation of "key-man" insurance, which is a type held on a person who is essential to the operation of a business or industry. Wherever such conditions exist, it was advised, such insurance should be carried.

John H. Steinway, chairman of the Bard College Board of Trustees, in opening the program, stressed that the series is "something of which we of Bard are very proud indeed."

Woman's Headless

it could not be determined whether the woman had met with foul play.

Authorities think it possible that shifting ice in the river might have caused the decapitation and loss of the one arm, and they believe also that the body may have drifted to the point where it was discovered from a considerable distance up the stream.

The left leg was amputated and sent to the state laboratory in an attempt to determine the woman's age, and the authorities authorized a search for the missing head and arm in a further effort for identification.

The hand on the right arm, the officials said, was too badly decomposed to be fingerprinted, and all other possible identification factors were missing.

Delegate Warren R. Austin's silence at yesterday's Security Council meeting. The session had been called in anticipation of

hearing from him. Some said President Truman planned a dramatic announcement in Washington today. Others said the United States was taken aback by British Foreign Secretary Ernest Bevin's flat refusal to accept the new American plan or

keep control of the Holy Land beyond May 15. Still others speculated that the United States might dig up President Truman's old appeal for admission of 100,000 Jews to Palestine as a move to quiet bitter Zionist opposition to the American Palestine policy.

WARM WEATHER FIRE HAZARDS

Fire loss in this country is naturally at its peak during the winter, when heating plants are being used to the limit. But the approach of the warm season brings special and very dangerous hazards.

Many homes and businesses have been destroyed because the grass wasn't cut on adjoining vacant property and caught fire. Every community should have a suitable law in this regard and enforce it strictly and impartially.

Carelessness in burning rubbish during dry days takes its share of the toll. Such fires should never be left unattended. And some means of controlling or quenching them if they threaten to get out of hand should be immediately available.

Spring and summer will witness a tremendous increase in tourist travel through the rural areas and timbered country. Millions of acres of splendid timber have gone up in smoke, leaving nothing but an ugly, scarred landscape as a memorial, because people have thrown burning matches and cigarettes from cars, and because campers haven't made absolutely sure that their fires were out before moving on. These crimes of carelessness are covered in the law—but police and forest service officials can't be everywhere. Fire prevention, in all its many phases, is up to the individual.

When spring clean-up time comes, do a real and thorough job of it. Get rid of the junk and refuse. A clean house and clean premises mean fire prevention.

PHILATELY

More people collect stamps than follow any other hobby. Philatelists get their name from two Greek words which, combined, mean "lover of stamps".

Stamps appeal to varied types of individuals. There are those with that common urge to collect something who find stamps easy to store; the adventurous enjoy the search for rarities; the historically minded like to follow postal development and international events as recorded in stamps; the rich, the poor, the old and the young all can play with stamps on a big scale, or casually. There is also the profit motive in stamp selling and bartering.

Stamp collecting is an old hobby with followers in every country. Nations are aware of the revenue in stamp printing. Even the U.S.S.R. peeps under her Iron Curtain from time to time and issues new stamps. The latest show a scientist at work; a collective farmer; a miner; a fighter; a pilot; a sailor; the tower of the Kremlin. France recently printed a ten-franc blue airmail stamp commemorating the 50th anniversary of a flight by Clement Ader, said by the French to have occurred six years before the Wrights left the ground at Kitty Hawk.

Hobbies are good for people. Stamp collecting is stimulating. It is easy to understand its popularity.

NEW CABINET POST?

A consolidation of several existing bureaus, under one head who would oversee all government action of a social nature, is now being considered for congressional action. It would set up a department headed by a secretary of health, education and security, aided by an under-secretary for each division. For two years a bill to this effect, sponsored by Sen. Robert A. Taft and Sen. J. W. Fulbright, has been under discussion and has been approved by the committee by a nine to one vote. Speaking in its favor in 1946, Frank J. Hertel, general director of the Family Service Association of America said: "The time has come for our government to recognize social welfare, including health and education, as being on a parity with the promotion of commerce and agriculture, the suppression of crime or the collection of taxes."

Any move to lessen the number of government bureaus by combining those with similar aims looks like a move in the right direction. Simplification, effectiveness of administration and cutting of employee rolls

'These Days'

TECHNIQUES OF CONFUSION

In Italy, the Communist Party supports religion. Italy is peculiarly a Roman Catholic country in the sense that practically all Italians regard themselves as Catholics, even the atheists. In such a country, religion is the national philosophy of life, the central social relationship. It is a civilization. Italians who never get foot in a church are Catholics because without it their way of life would lack meaning. That is admittedly difficult for Americans to understand; here it was possible for the Supreme Court to outlaw religion—any and all religion—to make atheism a way of life.

So, whereas the whole of Marxian philosophy is based upon a biologic conception of life which rejects God and the supernatural, in Italy, the same party, the same individuals support religion, encourage church marriages, baptisms, confirmations. By this device they encourage the Italians to believe that their Communists are simply politicians vying for power; that they do not have a philosophy of life which is utterly different from the Christian philosophy of life. It is a wonderful device.

Of course, the Communists attack the Vatican and the Catholic clergy, but not the religion that they represent. This is clever, too, for by not attacking the religion but only the clergy, they seek to separate the people from their intellectual leaders who happen to be the clergy, just as in Rumania, Bulgaria, and Yugoslavia they killed or exiled professors of the universities, school-teachers, middle-class leaders—separating their peoples from their leaders. In Poland, they killed most of them. Many in Hungary were exiled to Yakutsk. It is a technique of confusion designed to leave the people almost helpless. For in many countries in Europe, particularly in those where literacy is not too high, the intellectual plays an extraordinarily important role of leadership. By killing off or exiling the anti-Communist intellectuals, the Russians open the door for their stooges to act as substitutes.

And now, they have started a new campaign. The Italians are naturally proud of the fact that for over four centuries every Pope has been an Italian. Now the Communists in Italy are telling the people that the next Pope is to be an American. There are three of them, Cardinals Stritch, Monney and Spellman, who are being advertised as prospects for the Papal succession. Behind that is the scare that "American imperialism" will force an American Pope on the Italian people. A clever device.

In a word, not only is "American imperialism" a dollar control of a country, according to the Communists, but in Italy, it takes on a special form of also controlling the Vatican. This is an example of the way this party operates on a universal scale. In each country it employs whatever techniques serve for the moment. It does not matter whether there is the slightest truth in what they say. Does the truth matter? Does anything matter but the end to be achieved? For that end, they will lie; they will even kill. It is what the Communists regard as the "inevitable" end, for which all things may be done.

And that is what Americans must remember. We Americans are irrevocably attached to freedom of the individual, freedom of speech, freedom of expression in every manner. So when the Communists need to cover their corruption, they shriek about freedom. That immediately evokes every sense of fair play and decency in an American. Why should not every American, or, for that matter, every human being, be free to express himself as he chooses? Are we to have thought control? Are we to have censorship of the movies? Are we to refuse to recognize that there is another side to the every question?

Let us look at the other side of that picture. A vast international conspiracy, directed centrally by a universal state, designed to achieve a world unity around a separate creed, functioning in every country through disciplined agents, obedient to the will of the central government in the United States as it does in Italy, France, Czechoslovakia, China, everywhere.

Are we not to protect ourselves? Is it necessary that we should be destroyed as a people because we dare not protect ourselves?

That Body of Yours

By James W. Barton, M. D.

A COMMON CAUSE OF OVERWEIGHT

Nutrition research workers state that infants and animals can select the diet most suitable for their needs better than can men and women.

In the "New Zealand Medical Journal," Dr. C. McC. Brooks says that it has been shown in "cafeteria and self-selection studies" in which required foods must be selected from materials all presented at the one time in a large number of vessels, that pigs, rats, monkeys, and newly weaned children can select from a wide variety of materials a very good diet containing all necessary foodstuffs in the right quantity and proportion.

Why are adult men and women not capable of selecting proper kinds and amounts of food?

Dr. Brooks states that there is so much talk among housewives, in newspapers and radio advertising about just what should be eaten, especially regarding vitamins and minerals, that many individuals develop prejudices about foods, just when they should be eating and what they should eat. These prejudices against certain types of food and individual emotional abnormalities often tend to restrict diets and modify the appetite to a decidedly narrow choice of food stuffs.

It is this narrowing of the choice of foods to what the individual likes or thinks is best for him that is a common, if not the commonest, form of overweight (obesity). "It is a type of self-indulgence and pleasure which can be used as a compensation for other chronic which normally bring satisfaction are blocked."

Thus, it is the same story in 9 of every 10 cases of overweight; the overweight eats more food than his body needs to create heat and energy. Any overweight that will eat less food cannot help but reduce weight. If he or she is eating 2,500 less calories daily and reduces the intake to 2,000 calories, 1,500 less calories will be eaten in 30 days. If table salt and liquids are reduced also, reduction in weight will be even greater.

"The cure of obesity depends on reacquainting other activities and interests which are capable of dwarfing the importance of eating."

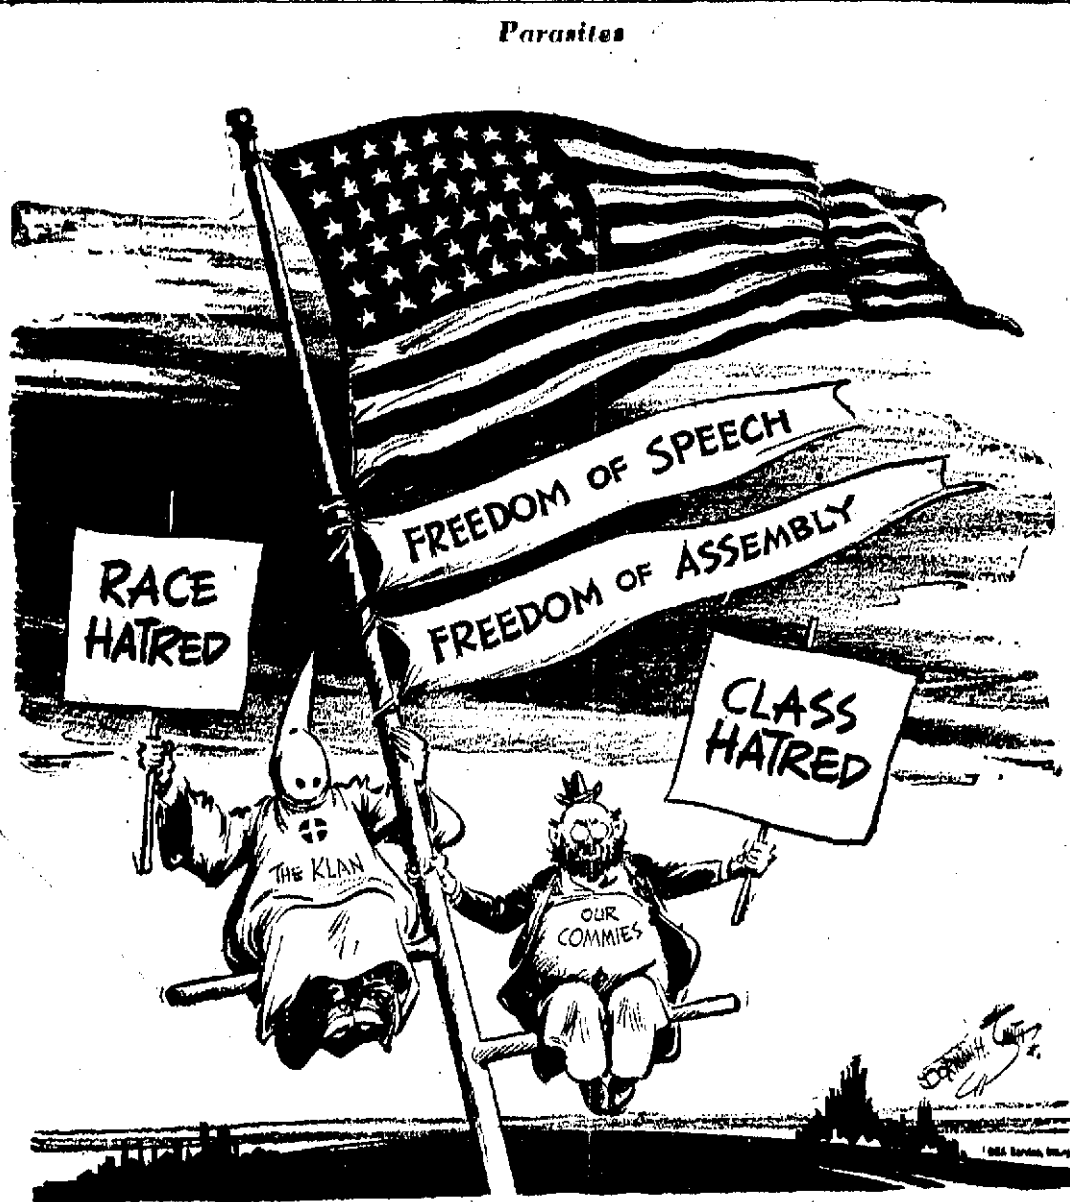

Overweight and Underweight

It has been well said that weight is one of the clearest methods of knowing one's health. Send today for Dr. Barton's booklet entitled "Overweight and Underweight," enclosing 10 cents and a 3-cent stamp, to cover cost of handling and mailing, to The Bell Syndicate, in care of The Kingston Daily Freeman, Post Office Box 99, Station G, New York 19, N. Y.

are ends which its proponents hope would be served by the passage of this bill. Putting human affairs on a par with money and military affairs and the rest, also seems reasonable. Notwithstanding its importance, however, this bill is likely to wait for its passage until more immediate problems of foreign policy are given requisite attention.

Moscow wants to rule the roost, but is running into competition in the person of an elderly and experienced fellow named Uncle Sam.

AS PEGLER SEES IT

By WESTBROOK PEGLER

The decision of the bosses of the C.I.O. to oppose the communist traitors in the campaign of 1948 is a political stroke unrelated to patriotism and principle. It will be remembered that Roosevelt alternately disowned and embraced the communists, according to circumstances. Another time, the same union politicians, carrying spurious credentials as spokesmen for several millions of American citizens, might find it expedient to collaborate with and defend the communists as they did in many cases in the past. Their credentials are fraudulent for many reasons but primarily because there is no guarantee and small pretense of honesty in union elections.

The case of Harold Christoffel, of Milwaukee, now 36 years old, formerly president of Local 248 of the United Auto Workers at the Allis-Chalmers plant in Milwaukee, will show that the present mood of the C.I.O. and of the United Auto Workers is entirely political. It will also enlighten the public on the reliability of union elections.

Christoffel recently was found guilty on six counts of perjury in the District Court of Washington, D. C., for having denied under oath to a committee of Congress that he was a communist or ever had been one. He is one of the most treacherous operators in the entire union racket whether C.I.O. or A.F. of L. During the war, he was the more dangerous because of his position as a union politician in the C.I.O. and the auto workers who knew he was a member of this traitorous Russian band fought him only as a political rival within the racket, but never as an enemy of the United States. They never denounced him to the public as a traitorous plotter against the country because that would have been red-baiting and they were always ready to make a deal for communist strength in some political coup within the union or to terrorize a community by organized riots. The communists are expert rioters and terrorists.

Christoffel and a small group of fellow Communists at Allis-Chalmers were responsible for a strike of 78 days in 1941 which was the most destructive stroke of sabotage that any enemy struck this country in the war. The Wisconsin Employment Relations Board said in writing: "The officers of Local 248, Harold Christoffel and others, caused at least 2,200 ballots to be marked as favoring the strike and caused such ballots to be counted."

The board had authorized examination of the ballots by Clark Sellers, of Los Angeles, and John F. Tyrell, of Milwaukee, experts in handwriting and disputed documents. They acted independently and reached the same conclusion by the same evidence which was unobtainable to the layman's two. Christoffel and his co-conspirators struck Allis-Chalmers in January, 1941, while Hitler and Stalin were allies and the American Communists were doing all they could to hamper the war preparations of the United States.

The attitude of the Communists then was similar to Henry Wallace's attitude today.

Christoffel's local of the United Auto Workers contained only a minority of workers. Fewer than half of the employees voted, so the strike failed to carry. But two days later, on Jan. 21, Christoffel took another vote. This one was pulled off in the union headquarters, subject to no outside observation or supervision. The racketeers reported 3,750 ballots as against a total of 4,547 persons eligible to vote. The racketeers checked off on an automatic counter by a company official across the street as the voters entered the place.

The union would have refused to submit the ballots for expert inspection but had made the careless mistake of delivering them to the employment relations board in a trivial dispute over the mere wording of the proposition. Thus they were in hand when the Messrs. Sellers and Tyrell wanted to see them and they found glaring proof that the Communists had forged more than 2,000 "yes" votes. There were batches of a hundred fake votes tied together. They had been marked in series by the same hand and enlarged photographs brought out "ghost marks" on many of them, proving that they had been marked wholesale, one ballot atop another. Voters mark single ballots, and thus do not leave vacant impressions on other ballots. The case was so strong that the union lawyers didn't try to deny the findings.

The Allis-Chalmers strike in-

olved absolutely no labor dispute between the management and any employee. It was a Communist franchise which held up the manufacture of many great machines which were needed for the manufacture of other machines. It held back marine engines for warships and many important special machines.

The professions of hostility to communists and communists uttered by Philip Murray, the president of the C.I.O., may be evaluated by the fact that, after the fraud had been proved, Murray opposed an urgent appeal by the Navy and the office of production management to Allis-Chalmers to resume work at once or vital production. The strike had been a traitorous fraud against the United States. And yet Murray, who now would appear to be piously anti-communist, challenged the government's own right to request that it be ignored. Meanwhile, incidentally, the taxpayers paid unemployment benefits to all who were made idle.

Walter Reuther, the president of the United Auto Workers, lately has had the benefit of much fake publicity. This might be the work of a professional propaganda plant but might easily be the result of the forgetfulness of those who prepare and edit copy. Reuther was one of the high politicians of the U.A.W. throughout the war when this union made the worst record of all in the matters of wildcat strikes, loafing, feather-bedding, whistling, jumping and general obstruction. Most of the wildcat strikes were so-called only so that the union could have its strikes but dodge responsibility.

Christoffel was a slacker as well as a saboteur, and his status as a union faker in the U.A.W. of the C.I.O. gave him the right to say a civilian long after thousands of patriotic young Americans had been killed in battle. Finally, in 1944, when he was still only 32 years old, this privileged draft-dodger was called up. For five years he had done scarcely a lap of work at Allis-Chalmers, having been occupied instead as a union official "on leave" from his job. As a union official his work was to obstruct war production and this he did very well.

In January, 1944, when at last he was called, he had also become the president of the C.I.O. Council of Milwaukee County. Phil Murray made no public move against him nor did Mr. Reuther oppose him as a communist.

Like thousands of other grafters, rioters, slackers or traitors of the union racket, Christoffel enjoyed almost automatic exemption from the draft because union parasites were assumed to be doing "essential" war work. On Jan. 8, 1944, when many loyal Americans already were dead in the war Christoffel got wind that his draft board had classified him 1-A. Instantly he tried to scramble to safety by giving up his union racket and resuming his work at the bench. The company official, the dirty dogs, refused to ask deferment for him as an essential worker and finally he had to go, although not for long.

He was a union saboteur for almost nine years and only now has it been established that he was a communist all the time, not that there ever was room for doubt.

Unexpected Could Occur This Year in National Politics; Truman Might Make Sacrifice

By DAVID LAWRENCE

Washington, March 25—This is a year in which the unexpected may happen in national politics.

Many suggestions are heard as to what conceivably could happen. The war crisis has furnished an opportunity to predict that, if war should break out, President Truman might make a gesture of political self-sacrifice and urge the Democratic National Convention to nominate Secretary of State Marshall by acclamation for the presidency.

While Mr. Marshall has stated in positive terms that he could not be drafted for high office, there is the same feeling about him as persists about General Eisenhower. Somehow there is a difference between a draft imposed in time of war, when the president actively becomes the commander-in-chief.

The President admires George Marshall as an outstanding soldier and leader. If Mr. Truman were to withdraw at the last moment, it would certainly be only under such dramatic circumstances as would enable the American people to benefit by the selection of a non-political figure of established prestige.

As secretary of state, Mr. Marshall has had a unique experience. It is evident that he has not felt at home in the civilian office which he holds, where the pressures of internal politics not infrequently plague even the most objective personality.

But with a war crisis to deal with and one that might require sudden industrial mobilization on a wide scale, it seems probable that a man of Mr. Marshall's standing could deal with the situation effectively and receive the wholehearted support of both political parties.

Curiously enough, talk of a war crisis has revived interest in the possibility of persuading General Eisenhower to change his mind. Likewise, the prospect of a war emergency is the central theme of conversation among many who are urging the candidacy of General MacArthur.

But if war is to come in the next four years of a president's term, there is undoubtedly one man about all others who is accepted today and who has reminded the experience with which this government was confronted on a global scale from 1941 to 1945.

Mr. Marshall participated in all

the conferences of the high command with respect to world strategy. He would be ably flanked by James Forrestal, secretary of defense, another official of experience and rare ability and one who can be depended upon to bring about a practical unification of the armed services so as to get the most effective results.

Talk of war does not necessarily mean that war is certain. But there are every day more and more people in the official circle and on Capitol Hill who are saying that Russia is driving America to a position where war will be inevitable.

There is evidence that American patience is being severely tried by Russian tactics and that the day of a showdown may not be far distant. Should it come between now and the July convention of the Democratic party, it would confront the nation with a real political crisis. None of the men being mentioned most often for the Republican nomination—Dewey, Taft or Vandenberg—is familiar with the administrative side of war operations. The possibility that General Eisenhower might yet be drafted if the war picture grows dark is discussed among political observers and political leaders notwithstanding his letter of self-elimination. The letter dealt with political candidacies in peacetime. A war emergency overrides anyone's personal wishes.

While there are prejudices among the voters of both political parties against the choice of a military man for the presidency, this feeling does not run as strong as it once did. Political candidacies in peacetime are military judgment.

The late President Roosevelt was very familiar with the general theory of military and naval operations and was able to bring to the council table a rare experience which he got in World War I when he assisted secretary of the navy and was stationed in London.

Mr. Truman is not any more familiar with global strategy than the men being mentioned for the Republican nomination. That is why, if an emergency comes, it would not be surprising for each party to turn to military men for leadership.

It all adds up to one simple fact—1948 may bring the unexpected internationally and the unexpected nationally.

Need Courageous Leadership

Rosendale, N. Y.
March 18, 1948

Editor, The Freeman
George Meyer once wrote a humorous song entitled "Rip Van Winkle Slept With One Eye Open." This is, by mathematical computation, one more eye than is open in the head of the average politician who helps to perpetrate the present government of the people of the United States.

If the late lamented Rip were to awaken today from his long snooze and were to listen to the radio yappers and agitators and war alarmists, he would say—that is, if he had slept for ten years or less—THIS IS WHERE WE CAME IN."

Are they going to start that all over again? Can we afford it? Did we accomplish anything constructive? Can we ever accomplish anything constructive? Will the American people never tire of having their wealth and resources thrown into foreign rat-holes?

I asked the same rhetorical questions in 1936, '37, '38, '39, '40 and '41.

During this period the term "isolationist" was employed as an epithet.

Shallow-minded dupes and goons, including many outstanding commercial radio yappers, who were unfamiliar with the wisdom of George Washington and other founding fathers of this nation, helped to precipitate this nation into an extravagant, futile, idiotic, murderous foreign mess.

Well, we got into it, accomplished absolutely nothing, the establishment of a huge national debt and the obligation, evidently, to support foreign nations and people forever.

We fought hard to make the world safe for Communism. So, what is the current battle? That Communism is taking over?

And Americanism begin? Years ago foreigners used to come to this country, glad to get away from foreign influences, eager and anxious to absorb American principles and to become loyal and patriotic American citizens.

During the past several decades, however, the foreigners—or some of them—seem to be imbued with the idea and purpose of forcing Americans to accept foreign ideologies. It is this, and the agitation of the radio sensation-mongers, which, in my opinion, is responsible for the ridiculous and extravagant plight in which this nation finds itself today.

Let us follow the sage counsel of George Washington. It was going to be just Washington. I was going to realize how fatuous that would sound) and of the other wise patriots of the early days of this Republic, and pull out of Asia and Europe and their century-old quarrels before we exhaust the resources of this nation and drag our people down to the level of the Europeans and Asians. For the ERP (the European Recovery Program or whatever it stands for, and it stands for plenty, or the bipartisan ERP, or BERP as somebody has aptly called it.) Let us hereby as loyal patriotic Americans who are not ashamed of the designation, resolve not to throw away one more dime down these rat-holes. NOT EVEN ONE MORE ROOSEVELT DIME.

Why should we? Can we PURCHASE peace or Soviet goodwill? Will ten billions or a hundred billions insure peace? No! But we can, and probably will, tax our citizens to supply resources to foreign nations. AND THESE FOREIGN NATIONS ARE TAKEN OVER BY COMMUNISM. THE COMMUNISTS WILL GET THE BENEFIT OF OUR LARGESSE.

We are playing into their hands. We need courageous leadership. Happily, we do have this courage and leadership in this country.

Listen soon for the familiar chant of the demagogue: "Sold—America!!!!" Sold down the river! We must not change horses in mid-stream. But we MUST CHANGE JACKASSES! And the sooner we change them for patriotic, intelligent leaders the better off all shall be.

Jury Disagrees In Second Trial of New York Doctors

No Date Set for Retrial of Singer, Glasberg Are Returned to Tomb's Prison

New York, March 25 (AP)—The second trial of two physicians on manslaughter charges in the death of 22-year-old Jane Ward after an alleged abortion ended at 2:45 a. m. today when the deadlocked all-male jury was dismissed.

No date was set immediately for a retrial of Dr. Paul Singer, 43, and Dr. Oswald Glasberg, 49.

The jury deliberated nine hours and ten minutes.

General Sessions Judge George L. Donnellan asked how many jurors could not agree, and Jury Foreman Samuel L. Fuller, an oil company executive, replied "almost one-half."

Judge Donnellan sent the two defendants back to Tomb's Prison, pending an application for bail, scheduled for later today. They had been free in \$7,500 bail each from the time of their arrest on Nov. 15 until last Monday, when they were committed to the city prison at the request of an assistant attorney who did not explain the reason.

The trial started Feb. 21. A previous trial ended in a mistrial Jan. 28 when a juror fainted after hearing testimony about an autopsy on Miss Ward, daughter of Ralph D. Ward, president of Drake Bakeries, Inc.

Dr. Singer, whose home was listed as 101 Tonnelle avenue, Jersey City, N. J., and office at 944 Park Avenue, New York, and Dr. Glasberg, whose home was listed as 61 East 66th street, and office at 115 East 72nd street, New York, were accused of performing an illegal abortion on Miss Ward last Oct. 17. She died ten days later.

The defendants relaxed in their chairs, but gave no sign of emotion when the jury was dismissed.

Mrs. Suzanne Glasberg, wife of Dr. Glasberg, and Howard Singer, brother of Dr. Singer, were waiting for the defendants outside the courtroom.

Dismissed Jury
Judge Donnellan dismissed the jury after a conference with Hyman Barshay, counsel for Dr. Glasberg; Jacob Shientag, counsel for Dr. Singer; and Assistant District Attorney Anthony J. Liebler. The judge then told the jury that "it was unanimously decided to discharge the jury from further consideration of the case."

The communication from the jury reporting expressed regret that "this jury is deadlocked and there is no expectation of a unanimous decision."

The jury had received the case at 2:25 p. m. yesterday and began its deliberations immediately. Judge Donnellan charged the jury

to return a verdict of first degree manslaughter or acquittal. First degree manslaughter carries a penalty of up to 20 years in state prison.

Liebler charged in his summation that the abortion was performed in Dr. Singer's office on the night of October 17. Miss Ward was taken from Dr. Singer's office to the Park East Hospital, where an emergency operation was performed on her.

According to the prosecution, Eduardo Schneidewind, 31-year-old employee of an Argentine trade mission, who admitted responsibility for Miss Ward's condition, paid \$2,000 to Dr. Alejandro Ovalle, 48, of 357 East 68th street, to arrange for the abortion.

Dr. Ovalle is under indictment in the case, but received a separate trial and testified for the state. Dr. Ovalle told the jury he paid \$900 to Dr. Glasberg, and the prosecution charged that Dr. Glasberg arranged for Dr. Singer to perform the abortion.

The defense claimed Miss Ward went to Dr. Singer's office as the result of a telephone call from Dr. Ovalle on October 17 to Dr. Glasberg, asking him to recommend a woman's specialist. Dr. Glasberg recommended Dr. Singer, who took the girl to the hospital, where he collapsed in his office, according to the defense.

Red Cross membership throughout the world totals 88,000,000.

Katz Loses Trailer

The theft of a homemade trailer from the property of the Kingston Scrap Iron & Metal Company, 150 Hasbrouck avenue, was reported to police Wednesday evening by Albert B. Katz, proprietor of the company. Katz told police the trailer was taken sometime between Monday and Wednesday of this week. It consists of a black wooden body with iron trim, a wooden tongue and two yellow wire wheels with tires, and is valued at \$10.

TAKING LEAVE

The following letter describes a situation which confuses many: "Whenever I meet a group of people at a friend's house and I have to be the one to leave first, I am always puzzled about what to do. Should I go around to each one to say good-bye and that it was pleasant meeting whoever it is or say my farewells collectively?" (or the group) with whom you are sitting. If your hostess is at a distance, you go to where she is and bid her good-bye. You also smile good-bye to anyone whose eye you happen to catch on your way out. The important point to remember is not to attract attention to your going which may start others leaving and so break up the party.

Gloves Should Be Removed

Dear Mrs. Post: Why have you expressed such objection to a woman's turning back long gloves at the wrist instead of taking them off entirely? If etiquette is based on the practical solution, then why isn't it simpler to turn them back than to have to bother finding space for them in a small bag or possibly having to hold them?

Answer: Probably because they make an extremely ugly lump on each wrist. Long-established etiquette has pronounced the turning back of the hand of a glove "bad form." As a matter of fact, in this present day when gloves are loose and can be pulled off easily, there is little excuse for turning them back, compared with the time when they were long and tight and taking them off (and putting them on) was really a tedious procedure.

Children at Funeral

Dear Mrs. Post: Recently my grandmother died and I did not take my two young children (six and eight) to the funeral. I was criticized by several of the relatives who said grandmother had loved them so dearly that it would have hurt her. I do not feel that funeral are for children. What is your opinion?

Answer: My opinion is wholeheartedly yours?

Are you planning a small wedding? Mrs. Post's letter E-3, "Today's Typical Weddings," gives suggestions for small inexpensive ones. Recruiting Marines

A permanent recruiting office for the U. S. Marine Corps has been established at the Central Post Office Building Room 200, Tech. Sgt. J. T. Cook is in charge. Enlistments for the Marine Corps are being accepted for men between the ages of 17 and 20; for the Marine Inactive Reserve from 17 to 32. Former marines who enlist in the Inactive Reserve will automatically retain their last rank which they held when discharged from service. Further information may be obtained from Sergeant Cook.

Wire Is Repaired

At 1:22 a. m. today the fire department received a report that a wire was arcing at Mary's avenue near West Chester street. The Central Hudson Gas & Electric Corporation was notified and sent a crew to repair the wire. Deputy Fire Chief George Matthews also investigated.

Record Increase

Washington (AP)—The increase in the population of the United States in 1947 was larger than in 1946, any year before World War I during the flood of immigration.

Growing Population

Washington (AP)—The 3,900,000 births in the United States in 1947 were 400,000 more than in 1946, a year which also set an all-time U. S. record for births.

F. B. Bliss Dies At Local Hospital; 'I Three Weeks

Franklin B. Bliss of 188 Henry street, construction supervisor of the New York Telephone Co., died at the Kingston Hospital this morning after an illness of three weeks. He had been employed at the local concern for 27 years.

Bliss was born in the Town of Wawarsing the son of William and Gwendolyn Lake Bliss of Ellenville.

Besides his parents he is survived by his wife, Gussie J. Kieffer Bliss; a son, Chester S. Kingston; three brothers, Russell and John of Ellenville; and Joseph, Poughkeepsie; four sisters, Miss Mildred Bliss, Ellenville; Miss Hazel Bliss, Kingston; Mrs. Joseph Coddington, Kerhonkson; and Mrs. Charles Hoffman, White Plains; and a grandson, Barry S. Bliss.

Funeral services will be announced. Franklin Bliss was born in December, 1895. He joined the New York Telephone Company as a lineman in Kingston on July 20, 1922. Later he was appointed line foreman for the Kingston district.

In 1928 he was appointed supervising line foreman and worked for a time in the Poughkeepsie, Schenectady and Albany districts, returning to the Kingston district about 1936. He was appointed construction supervisor of this district in 1944. Until 1946 he was in charge of the Monticello territory construction and splicing in addition to his duties in the Kingston district.

At the time of his death he was construction supervisor in the Kingston district, which extends north of here through Fleischmanns, High Falls and Hudson.

General Jan Smuts, of South Africa, is credited with originating plans for organization of the League of Nations.

'Easter Bonnet' for Power Stations

Those porcelain insulators Margaret Piper is watching being made at the Westinghouse Electric Corporation's Derry, Pa., plant. They're destined for electric power stations. Each weighs 15 pounds, too heavy for lady's fair hand. The workman "paints" a glue-like band on the insulators, so sand will stick to them.

Temple Emanuel
There will be services in Temple Emanuel Friday at 7:45 p. m. Rabbi Herbert I. Bloom will preach the sermon on the theme, "Have We Any Hope in the Hour of Betrayal?—A Discussion of the Jew in the World Today." Hebrew school will meet Sunday at 9 a. m.; religious school, 10 a. m.

Going Begging
Chicago, March 25 (AP)—A lot of high-priced fresh meat cuts are going begging this week in the nation's butcher shops, sources in the wholesale meat trade reported today. When the strike deadline approached last week, retailers bought heavily in the wholesale markets to meet expected demand. Wholesale prices shot up. This week retail prices followed.

Proclaims Cancer Month
Washington, March 25 (AP)—President Truman today named April as "Cancer Control Month." In a proclamation, he said cancer takes 180,000 lives a year and is the second highest cause of death in this country. He asked support of measures for research diagnosis and treatment.

Barbers to Discuss Wages March 31

Journeyman barbers of Local 543, will meet Wednesday, March 31, with master barbers at the Opera House building on Fair street to discuss wage agreements. It was announced today by Michael S. Amato, president of the local. Union members at the meeting will also discuss the possibility of calling a one-day "barber's holiday," during which all barber shops in the city will be closed while negotiations are held. If such action is taken, the date will be announced following Wednesday's meeting, Amato said.

Discussion will center on obtaining a new wage agreement, but probably not involve agitation for a five-day week, Amato said. In several other near-by cities barbers are now working five-day weeks, but no such movement has been begun here as far as could be learned today.

A "barber's holiday" similar to the one now being discussed was observed in this city on March 20, 1938, at which time all barber shops in the city but one remained closed. At that time, proprietors of the shops agreed on a minimum price for haircuts and shaves to be observed by all shops.

Holy Week Services Here

The following schedule of services will be held Good Friday, at Trinity Evangelical Lutheran Church, Spring and Hone streets.

At 10 a. m. there will be the celebration of Holy Communion. The following music has been arranged for this service: Prelude, "Rock of Ages," Ingen; solo, "Gethsemane," Wiegner, Mrs. Henry Thiel; postlude, "Postlude," Jensen.

At 2 p. m. the children's Good Friday Service will be held. The children's service is sponsored by the Sunday school and conducted by John Walker, superintendent. A dramatization of the words on the cross will be presented under the direction of Mrs. John Walker. After each of the seven last words of the cross are read the church will be tolled symbolizing the final suffering and death of Christ. The following young people will take part: Eileen Thiel, Shirley Henninger, Frances Scott, Eloise Swart, Patricia Pieper, Susanna Paulus, Una Schafer.

The Junior Choir will furnish the musical background for the singing of "The Old Rugged Cross." The Rev. Frank Lawrence Golinick, pastor, will give a junior sermon entitled "Children of the Cross." At the conclusion of the service there will be the distribution of Easter crosses.

The following music has been arranged: Prelude, "Hymnus," Lefebure-Wely; anthems, "O Sacred Head Now Wounded," Hassler; "The Light of the Cross," Adams, Junior Choir; postlude, "Allegro Moderato," Reynolds.

At 7:30 p. m. the traditional Good Friday service will be held. As is the custom the appointments of the altar will be removed and the cross will be draped in commemoration of the death of Christ. The choir will not sing during the processional depicting the silence before the crucifixion.

The Rev. Mr. Golinick will preach a sermon on the theme, "Finding Calvary." The following music has been arranged for this service: Prelude, "Good Friday," Wagner; anthem, "God So Loved the World," Stainer; solo, "Calvary," Rodney, Mrs. John Walker; postlude, "Pax Vobiscum," Schubert.

The music for these three services will be under the direction of Mrs. Willard Burke, choir director, and Miss Lucinda Merritt, church organist.

The public is invited.

New Commander Is Elected by V.F.W.

HOWARD C. SHURTER

At its regular meeting this week, Joyce-Schrick Post, 1386, Veterans of Foreign Wars, elected officers for the ensuing year, choosing Howard C. Shurter as the new commander.

Installation of the newly elected officers will take place at the April 13 meeting in the post home, 552 Delaware avenue, which all members are urged to attend.

Commander Shurter is director of the Ulster County Veterans Service Bureau. During World War 2 he was with the First Army and was wounded during the Aachen campaign. Prior to entering the service he was on 'The Freeman' advertising staff.

Officers who will serve with him are:

Sidney Lane, senior vice commander; Harry Wilber, junior vice commander; Howard Pangburn, quartermaster; George Long, chaplain; Fritz Kammann, surgeon; Verne Bohmke, trustee; John McManus, post advocate.

Delegates were chosen to the Hudson Valley Conference of Posts as follows: Al Sonnenberg, two years; Ben Hudela, two years; G. Hourand, one year; alternates, E. Scribner, two years; D. Griffin, two years; R. Geisler, one year.

Trinity Methodist Church Has Union Service Tonight

A union Holy Communion service will be held in Trinity Methodist Church, Wurts and Hunter streets, tonight, starting at 8 o'clock. Other churches cooperating are Roundout Presbyterian and Wurts Street Baptist and South Roundout Methodist Church of Connelly.

The Rev. Herbert Killinder, pastor of Trinity Methodist, and South Roundout Methodist churches, will preside and the Rev. Dr. William Carner Cain, minister of Roundout Presbyterian and Wurts Street Baptist Church, will bring the communion meditation.

Vacuum Bottle

After a vacuum bottle has held food, first rinse with lukewarm water, then fill with clean warm soapy water and shake up or soak for an hour or so, advises the Department of Agriculture. Any traces of food should be removed with a bottle brush. Finally, rinse with clean lukewarm water and then with water containing a little chlorine. Turn upside down to drain, dry and air. Corks and screws should be scrubbed with hot water.

Polishing
If you shine copper or brass by using vinegar or lemon juice and salt, be sure to remove it promptly by washing, rinsing and drying. If traces are left, the copper may look worse than before cleaning as salt left on copper forms greenish copper chloride which will leave rough places on the metal.

Deranged Veteran Kills Himself in Hotel After Fight

Boston, March 25 (AP)—A man described by police as a deranged Army Air Force veteran barricaded himself in a hotel room early today and in an hour-long, shot-punctuated siege held off 50 patrolmen before taking his own life.

Police surrounded the Beacon Hill Hotel after the man called police headquarters and said: "My name is John Silva. I'm wanted for murder in San Francisco. Come and get me. I've got enough ammunition to last a week. Nobody's going to take me alive."

Shortly after he died at City Hospital he was identified by his father as Harold Benedict, 26, of Somerville, Mass. He served four years in China and India during World War 2.

Police said he had no police record either here or in California. He had been under treatment at Bedford Veterans Hospital recently for a mental upset.

During the battle Benedict fired four ineffective shots at patrolmen surrounding the hotel. Five bullets, fired by police, were found imbedded in the walls of his room.

Police said Benedict took his own life after they had been unsuccessful in persuading him to surrender. They flooded his quarters with tear gas during the long siege. Officers who first approached

the door of his room quoted him as crying out: "I'm going to kill all the cops I can before I go."

Sergeant John O'Keefe said he thought for a while that he could induce Benedict to come out peacefully.

"I called his room and told him to come out and everything would be all right," the sergeant said. "I told him he was surrounded and that he wouldn't last a second if he came out shooting."

The officer quoted the barricaded man as inviting him to his room "to talk it over."

"I joined the other officers outside his fourth floor room," the sergeant added. "He must have changed his mind. Shortly after I arrived I heard the shot that took his life."

Benedict registered at the hotel under his own name Tuesday morning. Police said they found a note in his room saying: "I'm going to end it all. I am tired of all the slayings. One hundred years from now everybody will be dead."

Police said they found only a .45 calibre pistol, containing two bullets, in the room.

Rocket-Firing Mustang Goes Into Action

Swooping down over Eglin Air Base, Fla., a P-52 twin Mustang fires a salvo of five-inch rockets. Twelve of the rockets can be seen with their luminous tails. The Mustang is firing at a target during an aerial demonstration. Eglin Air Base is headquarters for the Air Proving Ground.

Kingstonians Asked To Join Peace Prayer

Citizens of Kingston today were asked to join in a prayer for peace on Easter Sunday night at 8:15 o'clock.

The request was made by Mayor Oscar V. Newkirk, who called attention to the fact that the entire community of Valley Stream, L.

I. plans to unite at that time to pray for world peace. "News of this endeavor is spreading rapidly throughout the nation and everywhere people of every race and creed are being asked to swell the volume of that prayer," the mayor said.

The mayor asks that Kingstonians pause, wherever they may be at 8:15 p. m. Sunday and earnestly unite in that great prayer for world peace.

Van Wezemael Boy Hurt in Truck Mishap

Lamont Van Wezemael, 7, son of Mr. and Mrs. Lambert F. Van Wezemael of 11 Broadway, was treated at Kingston Hospital for a foot and ankle injury as a result of an accident at Broadway and Mill street at 4:30 p. m. Wednesday, the police reported.

According to the police, Rudolph A. Schoepf of 7 Lindsley avenue reported to them that he was driving a truck away from the curb in front of the B & F Market when the boy fell against the rear wheel of the truck.

Schoepf took young Van Wezemael, accompanied by his mother, to the hospital, where the boy was treated by a resident doctor and allowed to return home.

The truck driven by Schoepf is owned by John H. Matthews of 33 Pockhockle street, police said.

Cancer and Heredity
 Cancer has not been proven hereditary. But play it safe! Doctors say: "If your parent died of cancer, or if this disease is frequent in your family, then you should be alert, cautious, and intelligent in detecting and reporting any sign or symptom of cancer in your body."

Grass Fires Extinguished

Two small grass fires were extinguished by the fire department in this city Wednesday afternoon, and the police department was requested by fire officials to check on the possibility that the fires are being set by a gang of boys. The

first fire was reported near Hasbrouck avenue and Hasbrouck place at 2:26 p. m., while the second was reported at 4:57 near 118 Hooker street. Both were extinguished with Indian pumps. Police ordered radio car patrolmen to check grassy areas for boys playing with fire.

The third party movement is weaker in the southern states. The South is sometimes slow in getting started on a movement, but when the South goes it goes with a bang.
 —Henry A. Wallace.

Times are too troubled to put an isolationist in the White House. I urge progressive liberals of all political faiths to support the Democratic Party at the polls against wooden reactionaries.

Blast Kills Woman

New York, March 25 (AP)—A woman was killed today in a gas explosion which blew out windows in her apartment and several other suites in the seven-story building at 225 West 23d street. The woman, Mrs. Ann Berkeck, 40,

lived in a fourth floor apartment with her son, Herbert, 20, who was discharged from the army a week ago. The son had gone to work before the explosion. Firemen quickly extinguished a slight fire which started after the explosion.

NOW AND THEN: GINGER ROGERS

Seventeen years didn't change Ginger Rogers too much. The picture at left was made in 1931 when she was 20. The other picture shows the glamorous film queen today. Except for the color and style of her hair, there's not much difference.

**Jacobson Funeral****To Be Held Friday**

Funeral services for Ferdinand Jacobson, 88, of 300 Central Park West, New York, who 60 years ago, founded the business which is now known as F. Jacobson & Sons with a factory in Kingston, will be held Friday at 1:30 a. m. from Temple B'nai Jeshurun, 88th street, west of Broadway, New York city. The main Jacobson plant is at 1115 Broadway, New York.

Mr. Jacobson died this week in Miami, Fla., where he had been spending the winter months. He would have been 89 in May.

Coming to this country as a young boy, Jacobson was born in Cracow when that city was a part of Austria-Hungary. He first became interested in necktie making and later in shirt manufacturing which he continued until his retirement about a half century later. The firm is now operated by his four sons, Samuel, M. Walter, Harry S., and Jerome J. Jacobson.

He founded the Home for Aged Hebrews in New Rochelle and was a regular supporter of the Federation of Jewish Philanthropies. He also was treasurer of Temple B'nai Jeshurun.

Besides his sons, Mr. Jacobson is survived by a daughter, Mrs. Thelma Berger; 13 grandchildren and eight great-grandchildren.

Loses Three Fingers

Elmer J. Benjamin, 34, of Lanesville, suffered the loss of three fingers of the left hand which came in contact with a power saw at the White Mills Handle Company, town of Shannock, this morning. Benjamin was admitted to the Kingston Hospital shortly after 8 a. m. where the badly injured fingers were amputated. Details of the accident were not available at the plant, but it was reported that the injured man was rushed to the hospital by other workmen in the factory which is near Phoenixia.

RHUBARB IS SURE SIGN OF SPRING

Rhubarb parfait with chilled soft custard sauce will add sweet-tart sparkle to a spring dinner.

BY GAYNOR MAUDON
NEA Staff Writer

Scarcely before the last snow melts, long, pinkish stalks of rhubarb with their spring-like green leaves, appear on the market. Now that sugar's back again in plentiful supply, you can use the sweet-tart flavor of rhubarb parfait to add zest to a spring dinner.

As spring advances into summer, the flavor of rhubarb changes. Your family may be pleasantly surprised if during early-rhubarb time you add high-flavored preserves from your jam and jelly shelf, or try using grated orange rind in rhubarb recipes. Grated orange rind is particularly good sprinkled over the top of an open-lattice-top rhubarb pie. Toward summer, fresh strawberries can be combined with your rhubarb. By summer, then, your family will welcome the natural tart flavor of the rhubarb itself.

Rhubarb Parfait
One-half pound fresh rhubarb (weighed without leaves), 2 cups hot water, 2 tablespoons minute tapioca, 1 cup granulated sugar, 2 tablespoons strawberry preserves (optional), or grated rind of one orange (optional), 1 egg

TOMORROW'S MENU
BREAKFAST: Orange juice, ready-to-eat cereal, soft-cooked eggs, hot cross buns, coffee, milk.
LUNCHEON: Baked beans, green pepper, onion ring salad, French dressing, rye bread, butter or fortified margarine, cup custard, sweet crackers, tea, milk.

DINNER: Casserole of flaked fillet of haddock or cod with mashed potato top, broiled tomato halves, Pascal celery, whole wheat bread, butter or fortified margarine, rhubarb parfait, sauce, coffee, milk.

preserves or grated orange rind, if desired. Divide your mixture in two parts; use one part to fill parfait or sherbert glasses. Fold into the other part either stiffly beaten egg white or whipped cream and spoon this lightly on top of the parfaits. Chill. Just before serving, you may want to add a tablespoon of soft custard sauce to each serving.

Beery Still Says No

Los Angeles, March 25 (AP)—Wallace Beery of the films admits he offered to settle for \$5,000 the paternity suit filed by Mrs. Gloria Schumm but he denies he is the father of her six-week-old son, Johan. Date for a hearing on temporary support will be set after Beery's lawyers have filed an answer to the suit. His counsel, Norman H. Tyre, said Beery "does dispute and still insists he is not the father of this child."

HAM TOPS THE EASTER MENU

Ham... the traditional favorite for the Easter Menu! Serve it, baked whole, scored and glazed with spice, fat cloves... honey glaze a slice and glamorize it with pear halves... bake it in an economical ham loaf glazed with apricot marmalade... broil thin slices to serve with eggs on the breakfast menu... slice it, cold, for a midday snack! Whole, sliced or ground... Breakfast, lunch, dinner or snack... Serve Ham on the Easter Menu!

HONEY-GLAZED HAM SLICE—Have ham center slice cut 1 to 1 1/2 inches thick. Place in shallow pan and sprinkle with 1/4 cup brown sugar. Combine 1/4 cup honey with 1/2 cup pineapple juice and pour over ham. Bake in a slow oven (325° F.) until tender, 1 1/2 to 2 hours. Baste every 1/2 hour. Garnish with pineapple slices filled with cranberry sauce. One pound serves 3 to 4.

BAKED WHOLE HAM—Place whole or half ham, fat side up, in an open roasting pan. Do not add water; do not cover. Roast in slow oven (325° F.) allowing about 30 minutes per pound. (For roasting times follow directions that come with the ham.) If meat thermometer is used, ham is done when thermometer registers 150° F. One hour before ham is done, remove from oven, score fat crosswise and snuff with cloves. Cover with 1 cup brown sugar mixed with 1 teaspoon mustard and 1/4 cup vinegar and baste. Allow one pound for 3 to 4 servings.

APRICOT-GLAZED HAM LOAF—Combine 1/4 lb. ground ham with 1/4 lb. ground beef, 1/2 lb. ground fresh pork and 1 cup soft bread crumbs. Season with 1/2 teaspoon salt and 1/4 teaspoon celery salt. Blend in 1 medium onion, chopped, well-beaten egg, and 1 cup milk. Shape into loaf and bake in moderately hot oven (350° F.) for about one hour. Remove from oven 1/2 hour before serving time and spread with apricot or citrus marmalade. Return to oven to finish baking. Serves 6 to 8.

Happy Easter!

NEW! Mrs. Filbert's MARGARINE NOW "IN THE BAG"

A "million times" easier to color...
more delicious flavor, too!

Amazing new

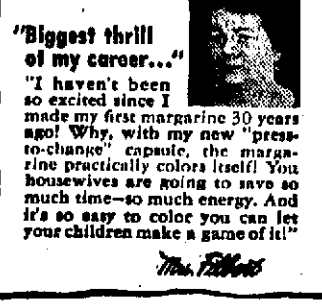

"press-to-change" coloring method
saves time...saves effort...saves waste!

At last—here's all the quick coloring—all the wonderful flavor you've waited for in margarine... just press-to-change... and Mrs. Filbert's Margarine turns an even yellow in 2 minutes! It's in the bag! And so is the best flavor you ever tasted!

Actually tastes home-made
Yes, Mrs. Filbert's Margarine is blended from Mrs. Filbert's own recipe—now improved... better

than ever! Like a pat of sunshine on bread. Enriches cooking, baking and frying, too. Every pound is fortified with 15,000 units of Vitamin A.

Country-fresh
Mrs. Filbert's Margarine is made fresh daily. And Mrs. Filbert's airtight "wonderbag" keeps its freshness... keeps out dust, odors, moisture. Ask your grocer for Mrs. Filbert's Margarine today.

TAKES ONLY 2 MINUTES
TO COLOR IT!

SNAP—Before putting in refrigerator let bag stand 3 to 4 hrs. Break capsule to start color.

SQUEEZE—Knead bag for 2 minutes, until whole pound is evenly colored. No greasy hands.

CHILL—Replace bag in package to shape. Put in refrigerator. No bowl needed, no dishes to wash.

SLICE—When firm (still in bag) slice off portion for table or cooking use. Then peel off plastic film.

Proclamation

The Good Friday Proclamation issued by Mayor Oscar V. Newkirk is as follows:

This nation, together with its allies in all parts of the world fought a war to restore to all mankind the right to worship God as he sees fit.

During this Holy Week, the nations of this world are praying most fervently that a just and lasting peace will be written to protect this most precious right. On this Good Friday we should spend at least one hour in prayer supplementing God for this aid in comforting the people of those countries who are in dire want for the bare necessities of life, and to pray to Him to assist those in whose hands we have entrusted the writing of a lasting peace.

As Mayor of the City of Kingston, I respectfully request that all citizens of this city observe Good Friday in a spirit of prayer to the crucified Son of God.

Given under my hand this twenty-eighth day of March, nineteen hundred and forty-eight.

Fabulous Bookworms In India Will Die

New Delhi, India (AP)—India's archeological department has ordered from the United States a modern 300 cubic foot gas chamber to kill India's bookworms.

The prowess of Indian bookworms has become legendary. They can eat everything under the sun except cast iron. It used to be said jokingly. They have scant respect for devices that kill their fellow animals. They are known to thrive on deadly aconite, arid wormwood and aromatic cardamon.

Laziness is not in the dictionary of the Indian bookworm. When it is not eating, it is reproducing. One female worm lays annually nearly one million eggs which take about five days to hatch.

Japanese Textile Output Doubles Fabrics in 1947

Tokyo (AP)—Japanese textile makers produced more than twice as much cotton yarn and fabrics in 1947 as during the preceding year, headquarters reported recently.

Cotton fabrics production in 1947 was 661,000,000 square yards compared with 241,000,000 square yards in 1946.

In 1947 cotton yarn production jumped to 286,000,000 pounds from 127,000,000 pounds the previous year.

Raw silk production increased from 88,000 bales in 1946 to 100,000 bales in 1947.

Silk fabric production dropped from a 1946 total of 42,000,000 square yards to 37,000,000 square yards last year.

Wilna Hervey Is
Honorary Head of
Memorial Group

Woodstock, March 25—Wilna Hervey was named honorary president of the War Memorial Association Monday evening in recognition of her fine leadership and untiring efforts to raise sufficient funds for the erection of living and visual memorials in the Town of Woodstock.

Because of poor health, Miss Hervey submitted her resignation as president of the organization. It was accepted with deep regret and the motion to elect Miss Hervey as honorary president was unanimously accepted.

Kenneth L. Wilson was elected president to serve for the balance of the term and Grant Kilwin, vice-president.

The Rev. Harvey I. Todd, chairman, announced that contributions to date are \$2,359.37 while expenditures so far are \$239.42. Contributions are still being received and the Rev. Mr. Todd suggested that an alphabetical list of contributors be given to the press immediately. The secretary was requested to prepare such list.

Reports submitted by the design and construction committee indicated that work would be started as soon as practical so as to complete the visual memorial by Memorial Day.

A committee was appointed to study and coordinate the work and equipment which will be a part of the living memorial. This will take form as a children's playground and a baseball diamond. The latter will be supervised by the Woodstock American Legion. The committee includes Walter Van Wageningen, Commander Ben Buley, Supervisor Kenneth L. Wilson, Architect Albert Graesser and Montecena DeWitt. This committee will report to the general committee of the association at its next meeting which will be called within three weeks.

The officers and chairman of committees were authorized to confer with Attorney John E. Egan on the question of incorporating the association under the laws of New York state. It was suggested by the Rev. Mr. Todd that an annual meeting for the election of officers should be held Memorial Day. It is expected that the work of incorporation will be completed before that date this year.

A definite cost has not been ascertained for the visual memorial on the Green but from estimates made it is expected to be in the neighborhood of \$1,000. It seems likely, therefore, that there would be at least \$1,000 to be used for the starting of a children's playground, which should

Legion Ladies Celebrate Birthday

Woodstock Unit, 1026, American Legion Auxiliary, held a party at Deane's commemorating the organization's 16th anniversary. Ladies present were: (l-r), Mrs. Henry Grazier, chairman, good cheer committee; Mrs. Everett Cash-

dollar, chairman, child welfare committee; Mrs. Harry Kutzschbach, chairman, rehabilitation committee; Miss Florence Peper, treasurer; Mrs. Aaron Hasbrouck, secretary; Mrs. Fennel Frankling, chaplain; Mrs. William Klippel, first vice-president. (Freeman Photo)

Fire Chief Busy With Calls
Of Water in Local Cellars

Woodstock, March 25—According to Fire Chief Reginald Lapo, the thaw and rains have not caused any of the streams in the township to overflow their banks. However, he has had many calls from residents for assistance in pumping water from cellars.

"This is not unusual," said Chief Lapo, "but unlike other years, the cellars fill right up again." The chief attributed the situation to the lack of frost and the unusually large amount of water in the ground.

Chief Lapo also stated that his equipment is not practical for pumping water lower than six inches.

Plans New Diner

Woodstock, March 25—It has been learned that land opposite the Woodstock Playhouse on the Saugerties road owned by Louis Lewis has been leased to a Newburgh individual and that a diner will be erected on the property in the near future.

Legion Leap Year Dance
Is Scheduled Next Monday

Woodstock, March 25—The program for the American Legion Leap Year dance will include many features of entertainment as well as square and round dancing.

John Holmzer and his committee assure all who attend the affair at the Town Hall next Monday evening a good time. A large crowd is expected to be present for the first Paul Jones of the evening.

Kutzschbachs Have
Anniversary Party

Woodstock, March 25—Sounds of hearty congratulations were heard Sunday afternoon as more than 75 friends and neighbors visited Mr. and Mrs. Harry Kutzschbach in Bearsville on the occasion of their 25 wedding anniversary.

The Kutzschbachs who have resided in the town of Woodstock for the past 20 years were married in Shanghai, China. One member of the wedding party, Alfred J. Bau of New York and Bennington, Vt., was present. Other members are still in China. Following their marriage, Harry and Hermine remained in China for one and one-half years before returning to the United States. Subsequent trips were made by Harry who was then in the leather business. For the past four years, Harry has been assessor and was reelected last November to serve for another four years. Hermine has long been active in many organizations including American Legion Auxiliary as chairman of rehabilitation, and in the Home Bureau.

Following an engagement of three years, Hermine traveled alone to China to wed Harry when they learned he would not be able to return to the United States because of business commitments for the wedding day.

Girl Scouts Make
Overseas Package

Woodstock, March 25—Included in the complete wardrobe kit just completed by the Girl Scouts, Woodstock Troop 29, is the spirit of selflessness and the desire to share with less fortunate young girls the good things enjoyed by members of this troop. Many of the scouts have contributed some favorite possession for the enjoyment of the 14-year-old girl over-

p. m. and 4:30 p. m. Proceeds will be given to the Joliet Low Fund. They are also working on a musical which will be presented during National Scout Music Week.

The senior Scouts meet every Tuesday at 7 p. m. in the Dutch Reformed Church basement. Mrs. Charles Bennett is the scout leader. Evelyn DeGraffe and Jean Shults, assistant scoutmasters; Mrs. Edna Quick, scout consultant in arts and crafts; and Helen Ostrander, scout consultant in needlework.

Confirmation, Palm Sunday
Hour at Lutheran Church

Woodstock, March 25—A large congregation at the Lutheran Church last Sunday witnessed an impressive Palm Sunday service which included the Rite of Confirmation. The theme of Pastor Cook's meditation was "Turn Your Eyes on Jesus." The choir sang "The Beauty of Jesus, Hosanna and 'The Psalms'."

Preceding the confirmation, the class sang "Follow, I Will Follow Thee." Those confirmed were Emelie M. Holmzer, Joyce C.

Kroyer, Harold T. Carlson and Edmund J. Quednau.

Easter Cantata Is Listed
Sunday, Methodist Church

Woodstock, March 25—An Easter cantata comprising 10 selections in four parts, written by Fred B. Holton and text by Edith S. Tillotson, will be given Sunday evening, March 28, in the Methodist Church, Woodstock. Everyone is invited to hear this Easter music.

Solos will be sung by Elizabeth Allen, Mrs. Birge Simmons and

McKENNEY ON BRIDGE

Don't Concentrate

Wholly on System

By WILLIAM E. MCKENNEY
America's Card Authority
Written for NEA Service

Beginners at contract are usually concerned about what system of bidding they should study. But today contract is played so generally that bridge writers are forced to build systems around winning tactics of good players. Bidding is important, but it does not lead to get into a game contract and not know how to play the cards.

A surprising number of players would miss on today's hand for failing to count their tricks.

We can win the ace of spades and ruff a spade. If the hearts break 3-2, we will make four heart tricks. If the club finesse works we will have eight, and the ace of diamonds makes nine. How are we to get the tenth? Shall we depend upon finding the king of diamonds in the East?

hand, or should we try to set the long club?
First we should try to set the long club, so we will let West hold the opening lead of the king of spades. When West continues with the queen of spades, we win that with the ace. We should not ruff the third spade yet.

We first take one round of trumps, then lead the four of clubs and finesse the queen, lead the four of hearts from dummy and win with the king. Now there is only one trump out and it is high.

Our next play should be the six of clubs to dummy's ace, come back with the three of clubs and trump it with the three of hearts. Now it is time to ruff the small spade, then lead the five of clubs and trump it with the five of hearts. We go over to the ace of diamonds and lead the good club. Whether East trumps or not we are going to discard the four of diamonds from the South hand. Now there is no way to keep us from making another trick with the eight of hearts.

This hand is proof of the importance of learning to count your tricks as well as to time your play.

Confederates Get Letter
Fredericksburg, Va., March 25 (AP)—National Park Service officials here have received a letter from an Australian who apparently is unaware the South rejoined the Union. His letter, seeking information on southern generals, was addressed to: "The Superintendent, Fredericksburg & Spotsylvania County National Military Park, Fredericksburg, Va., C.S.A. (Confederate States of America)."

NEW HURLEY

New Hurley, March 25—Mr. and Mrs. Floyd Jamison and John Powell of Leptondale were recent callers at the home of Mr. Powell's brother and sister-in-law, Mr. and Mrs. Edward Powell. The Rev. John W. Tyse spent a day last week in New York. Miss Bertha Sutton spent Thursday at the home of her brother and sister-in-law, Mr. and Mrs. Haddock Sutton, near Walden.

Several from here attended the Lenten cantata at the Wallkill Reformed Church Sunday afternoon. John C. Cocks spent the week-end at the home of his parents, Mr. and Mrs. Nicholas T. Cocks. Mr. and Mrs. Clarence Spencer and son motored to New London, Conn. Sunday and visited Mr. Spencer's brother and family, Mr. and Mrs. Walter Spencer. His mother, Mrs. William Spencer, returned with them after spending some time at the Spencer home here.

Mrs. Gerow Wilkin will arrange the memorial flowers at the church for Easter. All are asked to have them at the church Saturday afternoon. It is requested that all memorial names for the bulletin be in by Friday afternoon. Easter Sunrise service will be held in front of the Walden Reformed Church Sunday morning at 7 a. m. The Rev. John W. Tyse will bring the message. There will be Easter services in the New Hurley Church Sunday at 11 o'clock and Sunday school, 10:15, with special music by the choir. All are welcome. The consistory will meet at the parsonage Monday, March 29 at 8 p. m. The annual congregational meeting will be held at the church hall Tuesday, April 6. There will be a pot-luck supper at 7 p. m., followed by the reports. Holy Communion will be observed Sunday, April 4. New members will be welcome. The Ladies' Aid Society will meet at the home of Mrs. Gerow Schoonmaker Thursday, April 1 at 2:30 p. m.

The Young Women's Club will meet at the home of Mrs. Gerow Schoonmaker in the Forest road Saturday afternoon, April 3. Mrs. Elsie VanWyck will be the assistant hostess. Mr. and Mrs. Edward Powell spent Sunday afternoon in Middletown and called at the home of their aunt and cousins, Mrs. Elsie LeFever and Mr. and Mrs. Irving Barr.

Clay Is Not Nervous

Frankfurt, Germany, March 25 (AP)—Gen. Lucius D. Clay said today he is "not the least bit nervous" about the military situation in Germany. "I am not expecting any conflagration to break out tomorrow or the next day by any means," the U. S. military govern-

nor told a news conference. Clay said he has no fear that the Russians will close the borders of eastern Germany or the supply highway from the British and American Zones to Berlin.

Questions—Answers

Q—What was outstanding about King Arthur's sword Excalibur?
A—The sword was sheathed in stone and only King Arthur himself had the power to withdraw it.

Q—Where did glass originate?
A—The origin of glass is unknown, but the oldest glass known was made in Egypt and dates from about 3000 B.C.

Q—Does radium give off more than one kind of ray?
A—Radium gives off three kinds of rays—alpha rays, which are rapidly moving atoms of helium; beta rays, the atoms of electricity; and gamma rays, which are similar to X-rays.

Q—Where was Marco Polo when he wrote the story of his voyage to Cathay?
A—Marco Polo, while a prisoner in Genoa, Italy, dictated a detailed account of his wanderings and observations to a fellow prisoner, Rustichino. The book is the most fascinating of early travel works.

Q—Can an ordinary carpenter's saw be played as a musical saw?
A—Yes, but it would not be very effective; a special saw is always used for music.

There are almost 400,000 miles of railroad tracks in America.

More Apples Used During February

27-Plant Survey Reveals 24.9 per Cent More Moved in 1948

More apples moved out of storage in Ulster county during February this year than during the same month in 1947, according to a report released today by Walter Baran, assistant county agricultural agent.

A survey of 27 storages shows that 24.9 per cent more bushels were moved out this year than a year ago from February 1 to March 1. This year's total was 142,217 as against 106,673 bushels in 1947.

The report shows, however, that while 84.3 per cent of the McIntosh apples had moved out by this time last year that only 60.9 per cent of the total in storage, moved

out during the same period this year. The volume of McIntosh moved in February this year, however, was 56.7 percent above the February report a year ago.

The volume of McIntosh moved in February this year was 36,773 bushels as against 37,545 in 1947. Next highest was Red Delicious with 15,491 moved this year as against 16,537 a year ago.

Several thousand bushels of Cortland, Rome Beauty, Baldwin and Northern Spy, and hundreds of bushels of other varieties were also moved both years, the report shows.

High grade McIntosh brought \$2.25 to \$3.10 a bushel, F.O.B., the report shows, while other varieties ranged in price from \$1.40 to \$2.35 a bushel. Tree run McIntosh brought from \$1.10 to \$1.25 a bushel.

Pianist Found Dead

New York, March 25 (AP)—A 40-year-old piano teacher and former concert pianist was found dead in a gas-filled Greenwich Village apartment last night, his

body covered with cuts and bruises. Police identified the man as Victor Treppe, and said he taught piano here during the week and spent week-ends with his wife, Peggy, at Poughkeepsie, N. Y. The couple lived at the King's Court Hotel there. Police found

the apartment blood-spattered, with furniture broken and overturned. One of the man's eyes was blackened, there was a four-inch cut over his eye and there were bruises on his head and body, police said. He was dressed only in a bathrobe.

V.A. Office Won't Leave Kingston

Will Suspend Its Service for Week Pending New Quarters

The local office of the Veterans Administration, which earlier this year had expected discontinuance, will remain in the city and move to new quarters, it was announced today.

Today will be the last day for the office in its present location at 286 Fair street and the new quarters will be announced shortly. Business of the office will be suspended for approximately a week pending the announcement of its new address.

The new office will be open from Tuesday through Friday each week from 8:30 a. m. to 5 p. m.

The office of the Ulster County Veterans Service Bureau, formerly at 240 Fair street, is now in the county building at 32 Main street. Veterans are asked to differentiate between the two offices.

Health for All

Finding Tuberculosis

Tuberculosis kills 50,000 Americans every year. The majority of these deaths could be avoided by detection of the disease in its early stages, for the sooner tuberculosis is found, the better are the chances of early recovery.

One of our most powerful weapons in the battle against tuberculosis is the chest X-ray, with its important role in early diagnosis. Of the estimated 500,000 people with active tuberculosis in this country, only half are known to the health authorities. Because tuberculosis is easily spread from person to person we must find these unknown cases, help those whom tuberculosis has attacked and safeguard community health.

A chest X-ray is the best way of detecting early tuberculosis. It takes only a few seconds, yet it may save many months of illness. It is very much like having a picture taken, except that the X-ray machine 'photographs' the lungs, the part of the body most likely to be attacked by the tuberculosis germs. The film is developed, just like a snapshot and the doctor studies the picture to see if the lungs are healthy, or if tuberculosis germs are causing damage. Every child should have a periodic chest X-ray, whether he looks and feels well or not. If the picture shows a perfectly healthy pair of lungs, that is reassuring news. Even if the X-ray does reveal disease, it is best to know so that treatment can be begun at once.

Most of us postpone checking up on our physical condition until we are too ill to work. Any one of us unknowingly may be a victim of early tuberculosis, spreading its germs and threatening our own lives and also the health of those with whom we live and work. Remember, early tuberculosis gives no warning by visible symptoms. By the time the stage of coughing, spitting blood and losing

weight occurs, tuberculosis is no longer an early case and will be hard to cure. The chest X-ray can find it before it gets that far. This column is sponsored in the interest of better health by the Ulster County Tuberculosis and Health Association, 74 John street, Kingston, N. Y.

New Pack-Plane Speeds Air Freight

Designed for the Air Force by the Fairchild Aircraft Division, Hagerstown, Md., this new C-120 Pack-Plane is equipped with a detachable fuselage. Like a trailer-truck, it can switch its payload quickly. Designs call for a pack with a nine-ton payload capacity for a 2000-mile range. The pack, once detached from the plane, can be used as a troop shelter. Note the unusual landing gear, and the detached packs in the background.

Italian Printers Back

Rome, March 25 (AP)—Striking printers went back to work today and set the news that Italy is willing to negotiate with Yugoslavia over Trieste. A Foreign Ministry spokesman said negotiations could be considered only in the spirit of the American, British and French note proposing return of the 400-square-mile free territory to Italy. The government and the Communist-controlled Italian Confederation of Labor, which some observers had accused of calling the press strike for political reasons, announced the end of the printers' walkout.

Says Purge Justified

London, March 25 (AP)—Prime Minister Attlee said today a possibility of war justified Britain's purge of Communists from security posts in the government. "I might be accused of many things but I cannot be accused of ever trusting the Communist party," Attlee told the House of Commons. He spoke in reply to a speech by Communist member Willie Gallacher. "There are secrets of defense," the prime minister said. "As long as there is a possibility of war, we must have defenses and those secrets must be preserved."

Atomic Bill Introduced

Washington, March 25 (AP)—Senator Wherry (R-Nebr.) introduced today a bill to return control of atomic energy to the army. The bill would abolish the Civilian Atomic Energy Commission. The secretary of war, instead, would hold overall authority to direct atomic energy matters. The President would be directed to make the shift 30 days after passage of the legislation. Wherry submitted the proposal about the same time Secretary of the Army Royall was telling the Senate Armed Services Committee he was not in favor of a change.

Hasn't Studied 'Saving'

Washington, March 25 (AP)—President Truman said today he would be for daylight saving on a nation-wide basis. But he said it only causes confusion if some cities adopt it and the rest of the country doesn't. The matter came up at his news conference when a reporter asked if he had considered daylight saving as a fuel conservation measure during the coal strike. Mr. Truman said he had not. The President then commented that in the past daylight saving has been a lot of hokey because of the confusion from time changes on a town-by-town basis. He said it is sensible only if adopted throughout the country.

Claim Altitude Record

London, March 25 (AP)—Britain claimed a world altitude record of 59,492 feet today for a DeHavilland Vampire jet fighter plane. That's more than 11 1/2 miles. The Royal Aero Club said Test Pilot John Cunningham set the mark Tuesday.

Favors Publicity

Geneva, Switzerland, March 25 (AP)—The United States proposed today world guarantees of free exchange of information so that the light of publicity may kill the seeds of hate, fear and war. In a speech delivered to the United Nations conference on freedom of information, chief U. S. Delegate William Benton replied sharply to Russian attacks on the American press. Benton, former assistant secretary of state, opposed a Russian-sponsored proposal that the conference consider measures to "combat the diffusion of false and distorted reports likely to injure friendly relations between states."

New Crystal Sets Aid Red Program

AP Newsfeatures
Moscow—The crystal detector receiving set is back again in the Soviet Union.
Many U. S. boys have made crystal radio receivers. But there are Russian farms without electricity and it is impossible to manufacture tube sets in a few years sufficient to put one in every home here. So Soviet inventors have turned to the same principle as the "one you made yourself." But it has some improvements which make it almost unrecognizable.
New sets have a "constant" crystal which does not require continual readjustment. And the design has been so improved that some models use a small loud speaker. The range is also broader.
Young amateur radio enthusiasts in Pioneer clubs and Komsomol clubs manufacture the sets.
Nobody here envisions crystal sets as a permanent substitute for radios using tubes. But the local attitude is that it will do until it is possible to meet the demand for tube sets.

Wandering Cow Brings Truce to Arabs, Jews

Jerusalem (AP)—It happened near Jerusalem.
A cow which had heard nothing of partition troubles escaped from its Jewish owner into Arab territory several miles away.
But the mukhtar (village elder) of the Arab hamlet did not believe in war. He phoned to the Jewish mukhtar of the cow's native village that he would be prepared to return the cow, but how? Soon ten unarmed Arabs drove the animal into no man's land between the two villages and there it was received by ten equally unarmed Jews. They met and parted with mutual peace greetings of "shalom," "shalom."

Representative Is Held

Purcell, Okla., March 25 (AP)—State Rep. Purcell Wilson, of Okla., was arrested today after Jake Miller of Blanchard was shot and killed in Wilson's law office. County Attorney Ray G. Wilson announced. The county attorney said Wilson, chairman of the powerful House Committee on Revenue and Taxation, is the son of a son of the Oklahoma Legislature, was representing Mrs. Miller in a divorce action. "The shooting took place in Wilson's office but we're not yet certain exactly what happened," he added. "Wilson was not injured."

Two Men Take \$2,000

New York, March 25 (AP)—Two men dressed in army uniforms tied the night watchman to a post and took about \$2,000 from two safes of the Consolidated Laundry Corp., 306 East 90th street, early today. A driver reporting for work at 5:30 a. m. found the watchman, August Blum, 65, tied to a stair post. Folger said the men knocked the combination dial off the two safes, took the money and escaped.

Blood Injections Used for Ulcers

AP Newsfeatures
Moscow—Soviet doctors are reported to have developed a method of treatment of stomach and duodenal ulcers by injections of human and animal blood.
Evening Moscow reports that the director of the Central Institute of Hematology and Blood Transfusion, A. A. Bagdasarov, attained very positive results by his method. "X-rays," said Bagdasarov, "frequently showed a complete healing over of the ulcer."
The institute said that blood-plasma of animals and humans as well as whole blood has an effect on ulcers.
The Kiev Institute of Blood Transfusion also reports experiments in the use of human blood plasma in intramuscular injections and in injections under the skin. A positive effect on ulcers is reported.
Small doses of plasma introduced under the skin relieved pain after the second injection, it was said, and further doses reduced stomach acidity to normal.

The condition of Mrs. Catherine Rafferty of 84 German street, was reported as "fair" by Benedictine Hospital authorities today. She was admitted to the hospital Sunday with injuries received as the result of an accident on Wrentham street.
Daniel Noble of Chichester, who was admitted to the Benedictine Hospital, Sunday suffering from burns received while burning trash on his property, was reported to be in serious condition by hospital authorities.

Financial and Commercial

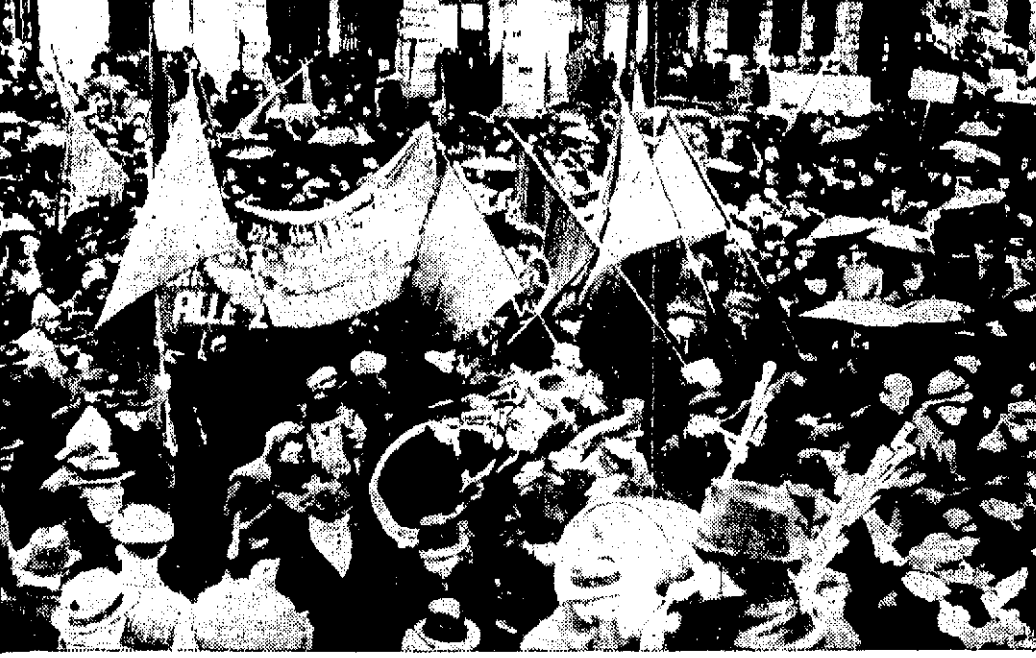

New York, March 25 (AP)—Led by selected steels, rails and industrial, the stock market today enjoyed another noon upswing.
Buying appeared after considerable early irregularity. While minus signs persisted, gains of fractions to a point or more predominated near the fourth hour. Volume expanded on the revival. There were subsequent slowdowns. Inspiring demand was the plea to Congress of Defense Secretary Forrestal for more billions to augment military expenditures. Belief that the tax cut bill will become law again was a bullish factor.
The coal mining labor crisis, shaky international affairs and doubts regarding the economic picture prompted a certain amount of selling.
Superior Oil of Calif. jumped about 4 points on a few transactions. At 1948 highs were Union Pacific, Santa Fe and St. Louis-Southwestern Railway Preferred. Favored most of the time were Southern Pacific, Nickel Plate Railway, Southern Railway, Northern Pacific, Illinois Central, U. S. Steel, Youngstown Sheet, Studebaker, Douglas Aircraft, Kennecott, Westinghouse Electric, Dow Chemical, Standard Oil (N. J.), Gulf Oil and Eastern Air Lines.

Band, Organ Recitals Mark Spring Season At West Point

West Point, March 25—The United States Military Academy Band, under the direction of Capt. Francis E. Resta, will present the third in its current series of concert Sunday at 3 p. m. in the Army Theatre at West Point. The concert is open to the public without charge and all are invited to attend. There is ample parking space in the vicinity of the Army Theatre.

Sunday's concert will feature solos by two members of the band and a cornet solo of Rossini's "Inflammatus" by Master Sergeant Newell Fisher, and a flute solo of Chamade's Concertino by Master Sergeant Myron Mayer. Sergeant Fisher, originally from Meriden, Conn., has been with the U.S.M.A. Band for 20 years and at present solo cornet. Sergeant Mayer has been with the band for 10 years and is the solo flutist.

The concert will be broadcast over Stations WGN, Newburgh; WKIP and WHVA (FM), Poughkeepsie. The following selections will be played:

Overture to Tannhauser, Wagner; Eugene in G Minor, Bach; cornet solo, Inflammatus, Rossini, M/Sgt. Newell Fisher. Finale from 4th Symphony, Tchaikowsky; Fantasia, Parsifal, Wagner; flute solo, Concertino, Chamade, M/Sgt. Myron Mayer; selection, American Rhapsody, Chervin; tone poem, Finlandia, Sibelius.

Organ Recitals

The dates of the Sunday afternoon series of organ recitals to be given this spring at the United States Military Academy, West Point, N. Y., have recently been announced by the academy organist, Frederick C. Mayer. These recitals, which begin at 4 p. m., are given in the inspiring Cadet Chapel considered to be an outstanding example of modern Gothic architecture. It is cruciform in plan with a huge central tower. Graceful, pointed arches lend delicacy to the heavy, buttressed walls of native granite. The Cadet Chapel organ, originally installed through congressional appropriation in 1911, has been extensively enlarged through memorials and gifts. It now has 213 ranks of pipes, totaling nearly 14,000 individual pipes, and is one of the finest organs in the world.

The dates and the programs in the spring series are as follows:

April 4—Recital by a guest artist, Russell Hayton, organist at St. James P. E. Church, Montclair, N. J.

May 2—Recital by the U. S. Military Academy organist, Frederick C. Mayer, with the collaboration of the Arion Singing Society of Brooklyn, N. Y., a choral group consisting of 150 voices.

May 30—Recital by a guest artist, Dr. Robert Baker, organist at First Presbyterian Church, Brooklyn, and at Temple Emanuel, New York.

A similar series of organ recitals attracted large audiences last season. They also are free to the public.

Modern Conductors Studied At Musical Society Meeting

Musical Society met with Mrs. Clyde E. Wonderly, 49 Emerson street, Wednesday night for a study meeting. Mrs. Harry C. Seitz had charge of the program. Modern Conductors. She gave biographical sketches of some of the conductors of the modern day orchestras including the symphonic, operatic and radio fields.

Among the symphony conductors she reported on four who had conducted in Kingston. Hans Kindler, founder and conductor of National Symphony Orchestra; Reginald Stewart, Baltimore Orchestra; Erich Leinsdorf, Rochester Philharmonic; and Arthur Rodzinski who appeared here with both the Cleveland Orchestra and New York Philharmonic. She also spoke of Leonard Bernstein who was with Rodzinski as assistant conductor of the New York Philharmonic when they gave a concert in Kingston. Others included Dimitri Mitropoulos, Bruno Walter, Leopold Stokowski, and Arturo Toscanini. Mention was also made of Feruccio Burco, eight-year-old Italian boy, who is making a tour of America. He received an ovation at his debut in Carnegie Hall last month, she said.

Among the conductors of opera mentioned were Emilie Cooper, famous Russian conductor, now with the Metropolitan; Giuseppe Antonelli, new Italian conductor; Charles Munch, distinguished French conductor; and Wilfred Pelletier.

For radio she chose Sylvan Levin, music director of WOR-Mutual and conductor of the Sinfonietta broadcasts; Alfredo Antonini, Columbia, conductor of Gateways to Music; Eileen Farrell program and others; Howard Barlow of NBC and Percy Faith of NBC, maestro of Carnation Contented program. She also mentioned Duke Ellington as a modern swing music conductor and composer; and concluded her talk with a brief account of Kingston's new conductor, Robert L. Cratty.

Refreshments were served at the close of the meeting with Miss Helen Turner as hostess and Miss Helen Sheldon assisting in pouring. The next meeting, April 14 will be at the home of Mrs. Raymond H. Rignall, Linderman avenue.

Hope College Glee Club Will Sing At Fair Street Church

The Hope College Women's Glee Club will present a concert at the Fair Street Reformed Church Thursday, April 1, at 8 p. m.

The history of the Women's Glee Club dates back to the early 1920's and since that time it has made annual tours into the eastern and mid-western United States. Many of its members are majoring in music but most of its personnel is drawn from those students who enjoy singing along with their work in other fields.

Hope College is incorporated as a college of the Reformed Church in America and during the war several coast to coast broadcasts were made by the club and a sound movie was made with the girls singing while attired in Dutch Costumes. Netherlands Liberation Day the Glee Club transcribed a special congratulatory program which was broadcast to Old Holland.

For the concert at the Fair Street Reformed Church there is no admission charge and an invitation to all who enjoy good choral music is extended.

Kerhonkson Man Held for Burglary

Charged with third degree burglary, Glenford L. Miller, 36, of Kerhonkson, waived examination before City Judge Matthew V. Cuhill this morning and was ordered held for grand jury. Bail is to be fixed by a judge other than the city judge, the court ordered.

Miller was arrested at 5 p. m. Wednesday by Detectives Wesley Cramer and Clarence Brophy after questioning at police headquarters. The detectives charged that he stole four men's white shirts and a gold watch valued at \$25 from the room of Roy Dickerson at 28 Henry street, some time Tuesday night.

Acting Police Chief Raymond Van Buren said today that Miller had been brought to headquarters on a public intoxication charge, and after questioning admitted being in the room from which the articles were allegedly stolen. All

the articles have been recovered, Van Buren said.

Roy Dickerson, who reported the thefts, is a roomer in the house at 28 Henry street operated by Belle D. Lockwood, police said.

Berlin's Deaf Mutes Have Bi-Monthly Balls

Berlin (AP)—One of the loudest bands in Berlin plays for dancers who can't hear a note. The Berlin Deaf Mute bi-monthly balls pack a big hall to capacity. For one recent dance 1,000 turned out.

The dancing was preceded by some pantomime skits performed by deaf mute actors. Before the band swung into a number it hoisted a placard designating whether it was waltz, polka or fox trot.

The dancers, some of them children under 10, displayed amazing sense of rhythm. They obtain their rhythmic sensations through vibrations.

prizes the Eastern Division of the company.

A native of Richmond Hill, Long Island, Robinson attended New York University. He joined the New York Telephone Company as a clerk in Brooklyn in 1924, and in 1928 was appointed manager of the Williamsburg office in the same city.

In 1930 he was transferred to the general staff of the Long Island area, and held several positions of increasing importance, until 1942 when he entered the Army as a first lieutenant in the Signal Corps. He served at various training fields in this country and as communications officer, 13th Air Force in the Philippines. He was released from active duty June 1946 with the rank of major, and returned to the telephone company as district manager of the Westchester district.

Robinson has been active in community affairs in Kingston as a member of the Rotary Club, Chamber of Commerce and the Wiltwyck Country Club. He resides with his mother, Mrs. Anne Robinson in Hurley, a suburb of Kingston.

Paige who has been division manager at Albany since October 1945, came here from the New York headquarters of the company, where he held the position of general commercial supervisor of the Manhattan, Bronx, Westchester area. He is a native of

Ogdensburg and attended Ogdensburg Free Academy and Colgate University from which he was graduated in 1930 with an A.B. degree. He entered the employ of the telephone company immediately after graduation as a student engineer in the Traffic Department in New York. He held successive jobs as public office manager, manager and district manager prior to his becoming general commercial supervisor in 1944.

In his new position, Paige will be associated with William C. Boltenius, former vice president and general manager at Albany, who is now president of the Wisconsin Telephone Company. He will have charge of all commercial operations of the Wisconsin company with headquarters at Milwaukee.

Paige is a member of Sigma Nu and is president of Beta Kappa Epsilon, honorary economics fraternity. He is also past president of the United States inter-collegiate Lacrosse Association and a member of the board of directors. While in college, he played on the varsity Lacrosse team and was named on the All-American team in 1930. Paige is married to the former Lois Ferguson of East Orange, N. J., and they reside with their four children at 36 South Allen street, Albany.

Blames O'Connells
Albany, N. Y., March 25 (AP)—The Albany county chairman of the American Labor party seeks a court order today to require 1,330 members to show why their names should not be canceled from the enrollment list. If Chairman Morris Zuckman succeeds in eliminating those he calls "O'Connell Democrats" the party's county membership will be cut to 113. He contends the "O'Connell Democratic machine of Albany" is attempting to capture his party to prevent it from choosing Henry
